These figures are not guarantees or projections of your actual earnings or profits. The above figures include only bonuses, commissions or other remuneration paid to IBOs by International Markets Live Inc. (IML). They DO NOT take into consideration any expenses incurred by IBOs in operating their businesses. Expenses incurred in operating an independent IML business may include, but are not limited to, the payment of initial and monthly IBO fees, transportation costs, training and educational expenses, and travel expenses. In some cases, these costs and expenses may exceed the amounts earned by IBOs from IML. IML makes no guarantee of financial success and you may lose money. Success with IML results only from successful efforts to make customer sales of IML products and services to end users. This requires hard work, diligence, skill, persistence, competence, and leadership. Your success in product/service sales will depend upon how well you exercise these qualities.

The earnings of IML IBO's in this chart are not necessarily representative of the income that a IML IBO will earn through participation in the IML Compensation Plan. IML does not pay commissions for recruiting new IBOs. Rather compensation is based solely on product and service sales to end users which varies. The figures in this chart should not be considered as guarantees of projections of your expected actual earnings or profits.

This document has been created for use by IBOs in the US only and should not be presented as indicative of earnings by IBOs outside the US. This Income Disclosure Statement is intended to present the average income of IBOs in those US states where income claims are allowed. Income claims are not allowed in Massachusetts and Wyoming. Please consult with your local authorities for more information regarding income claims.
